# Why Structured Career Paths at AllCloud?

**Accelerated Professional Growth**
Work among industry experts and master cutting-edge technologies in a dynamic environment committed to your development

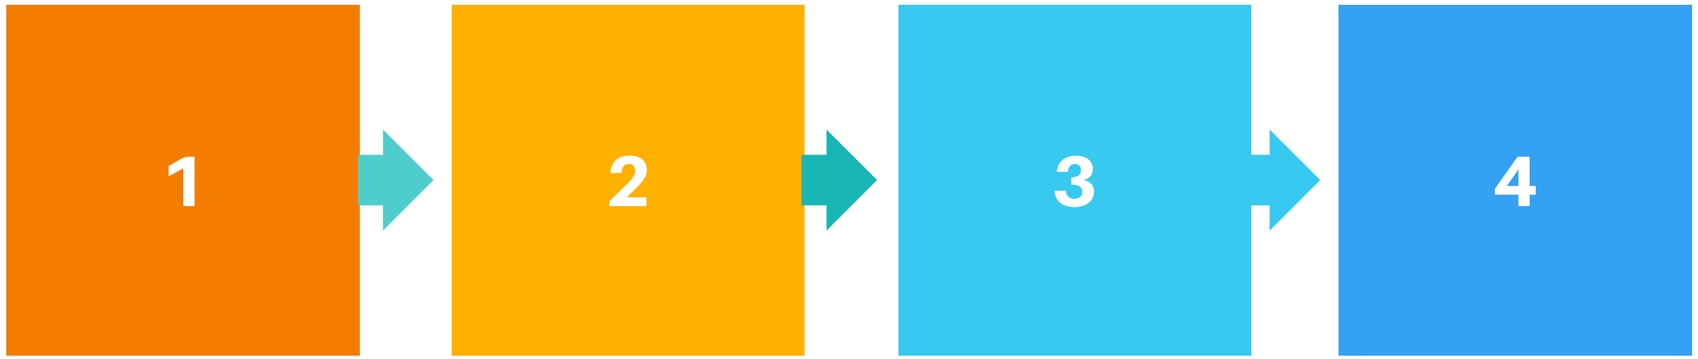

**Clear Progression**
Gain transparency into your career trajectory, understanding roles, responsibilities, and advancement opportunities

**Enhanced Impact**
Develop critical technical and soft skills to drive cloud innovation and deliver exceptional client solutions, creating **"Raving Fans"**

**Strategic Alignment**
Your individual development directly contributes to AllCloud's vision of being the leading cloud solutions provider

AllCloud

# Your Trajectory: The AWS Data Engineer Career Path at AllCloud

**Stage 1:**
Junior Data Engineer (0-2 Years)

**Stage 2:**
Mid-Level Data Engineer (2-4 Years)

**Stage 3:**
Senior Data Engineer (4-5+ Years)

**Beyond Senior:**
Pathways to Principal Engineer, Data Architect, or Engineering Management

AllCloud

# Measuring Your Success: Performance Indicators

01

**Performance Reviews**
Assessments from managers, peers on key skills

02

**Deliverable Quality**
Evaluation of project outcomes, code efficiency, innovative solutions

03

**Skill Proficiency**
Demonstrated mastery of required key skills through practical application

04

**Certifications & Training**
Completion of industry-recognized certifications

05

**Stakeholder Feedback**
Feedback from clients, cross-functional teams on collaboration, impact

06

**Internal Contributions**
Knowledge sharing, mentorship, organizational IP development

AllCloud

# Stage 1: Junior Data Engineer (0-2 Years)

**Role Description:** Entry-level role focusing on foundational AWS data services, basic data engineering, team contributions

01 **AWS TECHNOLOGY KNOWLEDGE & TECHNICAL SKILLS**

AWS S3, AWS Glue, Python

02 **INTRAPERSONAL SKILLS**

Accountability, Proactiveness, Time Management

03 **CERTIFICATIONS**

AWS Certified Cloud Practitioner, AWS Certified Solutions Architect – Associate

04 **INTERPERSONAL SKILLS**

Active Listening, Written Communication, Team Collaboration

AllCloud

# Junior Data Engineer Success Metrics

| SKILL CATEGORY | SKILL | KEY METRICS |
|---|---|---|
| **AWS Tech & Technical Skills** | AWS S3, Glue, Python | • Foundational AWS courses' successful completion<br>• Code review feedback (e.g., <2 major rework requests per PR)<br>• Task completion rate (e.g., 90%+ on-time for assigned data tasks) |
| **Certifications** | Cloud Practitioner, SA-Associate | • Passing AWS certification exams |
| **Intrapersonal Skills** | Accountability, Proactiveness, Time Mgmt | • Manager feedback on reliability, initiative<br>• Self-assessment scores reflecting growth with concrete examples |
| **Interpersonal Skills** | Active Listening, Written Comm., Collaboration | • Positive peer feedback on communication clarity, teamwork<br>• Quality of technical documentation, status updates (manager review) |

AllCloud

# Stage 2: Mid-Level Data Engineer (2-4 Years)

**Role Description:** Involves independently developing, optimizing complex data pipelines, participating in design, client engagement

01 **AWS TECHNOLOGY KNOWLEDGE & TECHNICAL SKILLS**

AWS Glue (Advanced), AWS Redshift (Optimization),CloudFormation

02 **INTRAPERSONAL SKILLS**

Problem-Solving, Adaptability, Initiative

03 **CERTIFICATIONS**

AWS Certified Data Analytics – Specialty

04 **INTERPERSONAL SKILLS**

Stakeholder Management, Public Speaking, Constructive Feedback

AllCloud

# Mid-Level Data Engineer Success Metrics

| SKILL CATEGORY | SKILL | KEY METRICS |
|---|---|---|
| **AWS Tech & Technical Skills** | Glue Adv., Redshift Opt., IaC | • Successful delivery of moderately complex data pipeline projects.<br>• Documented improvements in pipeline efficiency/cost (e.g., X% savings).<br>• Active contribution to solution design discussions |
| **Certifications** | Data Analytics – Specialty | • Passing AWS certification exams |
| **Intrapersonal Skills** | Problem-Solving, Adaptability, Initiative | • Manager feedback on independent problem resolution.<br>• No. of accepted proposals for process improvements. |
| **Interpersonal Skills** | Client Comm., Presenting, Feedback | • Positive stakeholder feedback on clarity of technical explanations<br>• Quality of internal presentations (peer/manager evaluation).<br>• Quality of code review feedback provided. |

AllCloud

# Stage 3: Senior Data Engineer (4-5+ Years)

**Role Description:** Leads data initiatives, mentors engineers, drives architectural decisions, best practices.

01

**AWS TECHNOLOGY KNOWLEDGE & TECHNICAL SKILLS**

Deep AWS Data Ecosystem Expertise, Large-scale Data Architecture Patterns, Advanced Data Security & Compliance

02

**INTRAPERSONAL SKILLS**

Strategic Thinking, Mentorship, Cultivated Foresight

03

**CERTIFICATIONS**

AWS Certified Solutions Architect – Professional

04

**INTERPERSONAL SKILLS**

Advanced Customer Communication, Public Speaking, Negotiation, Conflict Resolution

AllCloud

# Senior Data Engineer Success Metrics

| SKILL CATEGORY | SKILL | KEY METRICS |
|---|---|---|
| **AWS Tech & Technical Skills** | Deep AWS Data, Architecture, Security | • Successful design, implementation of major, complex data solutions.<br>• Documented significant cost reductions on data infrastructure.<br>• Leadership in technical discussions, architectural reviews. |
| **Certifications** | Solutions Architect – Professional | • Passing AWS certification exams |
| **Intrapersonal Skills** | Strategic Thinking, Mentorship, Resilience | • Manager feedback on strategic contributions, handling complex situations.<br>• Documented growth/promotion of mentees.<br>• No. of adopted architectural patterns or process improvements |
| **Interpersonal Skills** | Advanced Client Communication, Conflict Resolution, Negotiation, Cultivated Foresight (Vision) | • High client satisfaction scores for solution delivery, engagement.<br>• Positive feedback from external presentations/workshops.<br>• Successful resolution of cross-functional technical disagreements |

# Employee Career Journey: A Success Story

Meet **ALEX**, an AllCloud team member demonstrating continuous growth, impactful contributions.

**REMEMBER!!!**
These are **dynamic milestones**, not strict deadlines! Your unique impact, demonstrated capabilities drive your personal journey.

**Junior Data Engineer**

**Alex mastered AWS S3/Glue basics, Python; delivered clean code, sought guidance, earned two AWS certifications**

**Mid-Level Data Engineer**

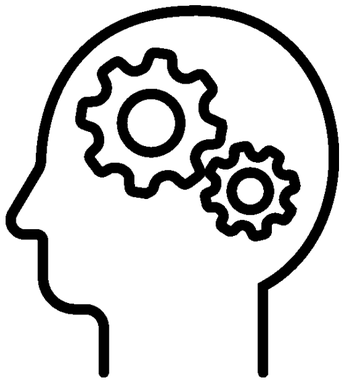

**Alex built, optimized complex data pipelines; engaged clients, contributed to design, earned AWS Data Analytics Specialty**

**Senior Data Engineer**

**Alex Leads major data initiatives, influencing architecture; mentors engineers, engages clients, achieved AWS Solutions Architect Professional**

AllCloud

# Quick FAQs: Your Career Journey

**Qns)** How often will my progress be reviewed?

**Ans)** Regular 1:1s, quarterly check-ins, annual reviews ensure continuous feedback

**Qns)** What if I don't meet all requirements for a stage?

**Ans)** We'll develop a Personal Development Plan (PDP) with resources.Qns)

**Qns)** Are there opportunities for internal mobility?

**Ans)** Absolutely. Discuss evolving interests with your manager and HR.

**Qns)** Who pays for certifications and training?

**Ans)** AllCloud has a budget; discuss needs with manager for approval.

**Qns)** How do I provide feedback on this path?

**Ans)** Share feedback with your manager, HR, or Development Portal

# Real Journeys, Real Impact: AllCloud Success Stories

"The **structured career path** at AllCloud gave me clarity I never had before. My manager helped me identify my strengths and growth areas, and the provided resources made achieving my AWS Data Analytics Specialty certification seamless. I feel truly empowered."
- Sara, Senior Data Engineer

"I started as a Junior and quickly **felt supported** to take on more complex projects. The mentorship program was invaluable, allowing me to learn from the best and contribute to truly innovative client solutions. AllCloud really invests in you."
- Sam, Mid-Level Data Engineer

AllCloud

# Your Next Steps: Embrace Your Future at AllCloud

- **Schedule Your 1:1:** Set up a meeting with your direct manager to discuss your career aspirations and review this AWS Data Engineer path in detail.
- **Explore the Portal:** Access the AllCloud Career Development Portal (internal link/URL) to delve into the detailed skill matrices and available resources.
- **Create Your PDP:** Collaboratively develop a Personal Development Plan (PDP) with your manager, outlining specific actions, learning resources, timelines for your growth.
- **Engage & Grow:** Actively participate in training, seek mentorship, take on challenging projects, and continuously apply the skills you gain.
- **Provide Feedback:** Your input is vital! Share your thoughts on this career path framework to help us continuously improve.

"The only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you'll know when you find it."

**— Steve Jobs**

**At AllCloud, we empower you to find that passion, excel in cloud innovation, and build a career that leaves a LASTING IMPACT!**

# THANK YOU
